DOWN THE RABBIT HOLE

PERSPECTIVE PLAYING CARD VIDEO TUTORIAL

Below are two gridded drawings to try and map onto your perspective playing cards. This is demonstrated, step by step, in “part II” of the video tutorials. They can also be seen completed in the final piece (video “part III”).

alice face map

shape map

This illustration is the perspective component of the final Art Journal page. Feel free to replicate this using what you learnt from Parts I and II. Remember-

VERTICAL LINES = HEIGHT of shape

HORIZONTAL LINES = WIDTH of shape, and slope along the perspective lines that travel towards the vanishing point.
